

Let Our Experts Help You With Your QuickBooks Needs

QBalance, LLC

Meetings Every Friday Morning

Time: 8:30am – 9:00am EST

Recurring same time each week

Open weekly meeting– just ask to be on our invite list

Free

To all CPA's/Partners and staff

Get your difficult **QuickBooks** questions answered at our online conference meeting! As Gurus in both QuickBooks and accounting we understand your questions immediately and will demonstrate a solution within a live QuickBooks file without the need for long explanations.

To begin receiving invitations to these weekly free meetings,
send an Email to info@qbalance.com
with **CPA's QB Help** in the subject line or call **800-216-0763**.

Why Free? We hope that you will remember us when a client expresses interest in QuickBooks Enterprise Software, extending QuickBooks with custom software programming, or just spreading the word to your clients and your office staff about saving money by purchasing their QuickBooks supplies from us.

QBalance specializes in QuickBooks Enterprise Sales & Installation. In addition we provide support and training for those "complex industries and customers" that many CPAs would rather not get involved in. We **DON'T** offer CPA services or offer bookkeeping services, so there are no conflicts of interest. We just supercharge QuickBooks through software add-ons, super creative customization and advanced training.

Our services include:

- QuickBooks Enterprise Software Sales & Installation
- QuickBooks Pro/Premier Software sold at a discount
- QuickBooks Custom Programming – Integrate legacy software systems
- QuickBooks Consulting and Training
- QuickBooks Coaching for correcting problem files.
- QuickBooks Checks & Deposits slips (sold at 35% less than Intuit)
- QuickBooks 1099 & W2s sold at 35% less than Intuit (Special deep discount CPA pricing)
- Assistance with selecting/implementing 3rd party software solutions
